Audience present on the occasion

Plantation Ceremony

The technical session has also conducted to deliberate on the theme of this year environment day “Seven Billion dreams, one planet, Consume with care.

The technical session has started with welcome address by Er. Shivanand Roy ,Chairman IEI Jharkhand centre and he emphasized the need of the celebration of environment day and its importance.

Er. Ritu Raj, President, ISHRAE has deliberated on the theme.

Er. Sanjay Sen, renowned Environmentalist and Jt.GM, MECON has introduced the theme and highlighted various aspects of environment issues w.r.t. the selected theme. He highlighted the conservation of water, energy and food. Dr. Sanjay Mangala Gopal of VJTI, Mumbai, Chief Guest on the occasion spoke on the theme. He emphasized the need of conservation not the consume with care. The need of the hour is to have urban renewabilisation, which is being practiced in Thane city. Dr. Sanjay also highlighted IPCC 5th assessment report. The need of the hour is to have public partnership instead of public private partnership in the area of renewable energy.

The programme is concluded with Vote of thanks by Er. M R Kumar, Hony. Jt. Secretary, IEIJSC and official of MECON.
